NCUA Sets 2017 Call Report Deadlines

Changes Give Credit Unions an Average of Seven Additional Days to File

ALEXANDRIA, Va. (Nov. 22, 2016) – Beginning with the Dec. 31, 2016, reporting cycle, federally insured, natural-person credit unions will have until the final Sunday of the month following the end of the quarter to file Call Reports, the National Credit Union Administration announced today.

Call Report due dates for 2017 will be:

Cycle Date	Due Date
Dec. 31, 2016	Jan. 29, 2017
March 31, 2017	April 30, 2017
June 30, 2017	July 30, 2017
Sept. 30, 2017	Oct. 29, 2017

Credit unions will now have, on average, an additional seven days to file Call Reports. Additional details about the Call Report filing due dates and processing for 2017 will be posted on the [Credit Union Online webpage](#).

NCUA examiners continue to be an important part of the validation process. Using the last Sunday of the month following the end of the quarter ensures NCUA field staff will be able to better plan their schedules for conducting Call Report validations while providing credit unions greater flexibility in filing.

NCUA may consider other options for setting future Call Report filing deadlines, such as using a fixed date like the 30th of the month, based on our experience with the changes announced today and other possible improvements to further streamline the process.

NCUA also continues working to improve Call Report data collection. The comprehensive review of the Call Report and Credit Union Profile content, announced in May, is still under way. You can find more information online at NCUA's [Call Report Modernization webpage](#).

NCUA is the independent federal agency created by the U.S. Congress to regulate, charter and supervise federal credit unions. With the backing of the full faith and credit of the United States, NCUA operates and manages the National Credit Union Share Insurance Fund, insuring the deposits of nearly 105 million account holders in all federal credit unions and the overwhelming majority of state-chartered credit unions. At [MyCreditUnion.gov](#) and [Pocket Cents](#), NCUA also educates the public on consumer protection and financial literacy issues.
